Vision

The Technological University of the Philippines as a Center of Excellence in Technological and Industrial Education in the country and in the Association of South East Asian Nations (ASEAN)

Being a national university for science and technology, TUP shall endeavor to develop citizen-workers who will be skillful, innovative, competent, knowledgeable, and morally upright, and competitive here and abroad.

Mission

The University shall provide higher and advanced vocational, technical, industrial technological and professional education and training in industries and technology, and in practical arts leading to certificates, diplomas and degrees.

It shall provide progressive leadership in applied research, developmental studies in technical, industrial, and technological fields and production using indigenous materials; effect technology transfer in the countryside; and assist in the development of small-and-medium scale industries in identified growth centers.

Performance Pledge

We, the officials, faculty and employees of the Technological University of the Philippines, commit to:

Teach students the knowledge and skills in all technological fields with utmost sincerity and dedication to provide quality education;

Understand the emotional and sociological needs of students and provide them the personal and career guidance that will make them socially active and economically productive citizens of the Philippines;

Provide students with adequate facilities or instruction, qualified manpower to maximize their potentials in their chosen field of technology education;

Serve students promptly, efficiently, and with courtesy by authorized personnel from 8:00 am to 5:00 pm, Monday Friday and Saturday as maybe required;

Yield to valid request of students/parents for humanitarian reason without violation of any policy of the University;

Secure the safety of students by responding immediately to emergencies that may cause risk to lives and loss of property;

Train students to become law abiding citizens and develop in them the right values and work attitudes to live harmoniously as a member of the organization and society in general;

Empower students to help themselves through students' organization to promote their own welfare and the interest of the University;

Monitor the efficient delivery of student services and respond promptly to complaints from the clientele and general public.
